

Hot Potato

Set up hot potato by all standing or sitting in a circle or U shape. You can encourage discussion by allowing participants to throw a ball to each other to probe conversation.

Encourage participants to say words or short sentences related to the topic. The facilitator can then use this sheet to note down all of the ideas and discussion.

Top tip: Use the Probing Template for ideas

A large, empty, light gray rounded rectangular area intended for participants to write down ideas and discussion notes.
