- **Category 2 - Business involvement including land and property** – any interest of the Board member and close family (partners, children, parents and siblings) or members of the household to be registered, where there are currently or potentially business interactions relevant to TfW's role and remit.
- **Category 3 - Companies and securities** - any interest of the Board member and close family (partners, children, parents and siblings) or members of the household to be registered, where the companies or securities held are currently or potentially relevant to TfW's role and remit.

For Category 1, historic interests (within the last five years) should be registered. For all other categories, only current interests are required to be registered.
