

8th June 2026

To whom it may concern,

Seilwaith Amey Cymru / Amey Infrastructure Wales Limited and Transport for Wales Rail Limited will submit to ORR an application, under section 18 of the Railway Act 1993, for approval of a Connection Contract for the rail connection at Taff's Well Depot on the Core Valley Lines (CVL).

In line with the Industry Code of Practice for track access application consultations, we are consulting you on the proposed agreement.

Connection Contracts cover the rights and obligations of two facility owners over the physical connection between their networks. No track access rights are conferred by these contracts, and there are no direct implications for the consumption of capacity.

If you would like to see a copy of the proposed Connection Contract, please feel free to contact me.

Consultation ends on 8th July 2026. Any reply received from you in response to this invitation will be copied to Transport for Wales Rail Limited and ORR. Please send your comments by email to cvltrackaccess@amey.co.uk

Yours faithfully,

Gary Davies-Knight
